Welcome

A modern fashion sourcing partner connecting brands in Europe, the USA and Australia with 300+ compliance-certified factories in Bangladesh.

Since 1998, Nak Fashion Group has operated as a full-service fashion sourcing partner — managing factory selection, compliance, quality control and export logistics so your brand can focus on design, merchandising and sell-through.

This catalogue presents the breadth of our product capability across Men's, Women's and Kids' divisions: over 1,180 active styles spanning knitwear, woven, outerwear and jersey. Every garment in our network is produced in factories audited to BSCI, SEDEX, ISO 9001 and OEKO-TEX standards — the compliance baseline European retail demands.

We work to a minimum order of 1,000 pieces per colour, deliver first samples in 2–3 weeks, and ship FOB Chittagong on a 60–90 day production cycle. Full OEM and private-label service is standard.
